Topic

EFC Group presentation

Names

June 3, 2023

Table of contents

1. Introduction

2. Literature Review

3. Descriptive statistics of the data

4. Analysis

5. Discussion

Intro

Introduction

Clearly state your research question and hypothesis

Literature Review

Literature Review

Provide a list of references relevant to the topic you chose and specify if and what you draw from specific papers

Descriptive statistics of the data

Descriptive statistics of the data

Give us an idea of your sample, timeframe, main trends and patterns

Analysis

Analysis

Present the results you have prepared to answer to your research question and check if your initial hypothesis was correct

Discussion

Discussion

Discuss your results, their validity, limitations and possible policy/societal implications

Backup slides

If any
